SUNNYSIDE TAR SAND UNIT ORGANIZATIONAL MEETING

JUNE 2, 1982

MINUTES

Those attending the meeting are shown on the attached attendance list. In addition to those present, Phillips Petroleum, Jensen, Joeckel and Greenwald interests asked to be kept informed, but were unable to attend.

The attached letter was received from Amoco. Upon checking by telephone, the attendees learned that Amoco did not plan to be represented. The consensus was that Amoco's strong resource position and location, particularly their centrally located Federal Oil and Gas Leases, made their participation essential to a viable unit and therefore to a meaningful unitization meeting.

The attendees noted the necessity of a unit to develop properly and efficiently the entire Sunnyside energy resource; that under Amoco's leadership the industry had supported the Combined Hydrocarbon Leasing Act and had emphasized the necessity of this legislation to stimulate tar sand development; that the industry, and particularly those seeking to take advantage of the act to obtain a ten-year extension of their leases, are under an obligation to make a good-faith effort to move toward development in a diligent manner; and that time is of the essence if a bona fide Plan of Operations satisfying the requirements of the act is to be developed.

Sabine, as temporary Chairman of the meeting, agreed to contact Amoco to ascertain their stance in order that the participants might know how to proceed.

Sabine Production Company  
1200 Mercantile Bank Building  
Dallas, Texas 75201

Attn: Mr. Granville Dutton

Gentlemen:

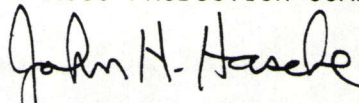

Amoco Production Company feels that a meeting on June 2 and 3, 1982 as proposed in your letter of May 21, 1982 is premature.

Since the final regulations for the Combined Hydrocarbon Leasing Act were not published until May 24, 1982, the working interest owners will not have had time to study the effect of said regulations on any unit plan.

Please notify the other working interest owners of Amoco's view on the proposed meeting.

Yours very truly,

AMOCO PRODUCTION COMPANY

  
John H. Hasche
